Art and Design	Miss Simpson	3ARD	4 x 50 min periods	<p>Andy Warhol Soup Can Design Unit – Part 1 - Please firstly read the design brief. The first step of this unit is to create an Andy Warhol soup can inspired mind map. Brainstorm what you think successful packaging is, who is Andy Warhol, what is the purpose of packaging, what does successful packaging look like and who is the target market? Take an example of dairy chocolate packaging and analysis how the packaging has been successful. This could include colour, imagery and text.</p> <p>Part 2 – Either use the can templates supplied on google classroom or draw your own can shapes. You are then going to draw 4 initial soup can designs for a brand new soup that Tesco are looking to put on their shelves. The packaging designs must show your own created brand names, flavours and appropriate imagery. This is to be done in either pen or pencil and no colour is yet to be applied. Once all 4 designs are completed, please tick next to your favourite design and to evaluate, please write a small clear sentence underneath as to why it has been the most successful design.</p>	<p>Clear instructions can be found on google classroom on the latest assignment PowerPoint named 'Andy Warhol Soup Can Unit'. All instructions and photo references are supplied on the slides. Additionally, on this assignment post there are soup can templates if pupils want to print and use instead of drawing their own.</p>	4arvbpk
