Art and Design	Miss Simpson	3ARD	4 x 50 min periods	<p>Create a one-point perspective drawing focusing on line, shape, form and tone. This involves using a ruler to accurately draw lines to form a one-point perspective and then using an image or real life observation to draw in appropriate buildings and landscapes. You must make sure the buildings and surrounding landscapes are facing in the direction of the one-point perspective. To develop your drawing further, please focus on creating tone, this will ultimately make your drawing more 3D and realistic looking. This can be created with both ordinary pencil or coloured pencil. Please do your drawing on plain white paper that fills the whole page, take a photograph and upload it to google classroom for submission. Attached are some references and examples that meet different levels (bronze, silver and gold). Try to aim for achieving gold standard.</p>	<p>Work can be found on their Google Classroom. Pupils should already be signed up to the class and be able to find new work under the latest assignment made called 'One-Point Perspective'. This includes example work for reference.</p>		4arvpbk
