				<p>Create a 'View from Your Window' drawing focusing on line, shape, form and tone. This involves looking at all objects and buildings etc out your window and drawing them in the correct proportion and scale. To develop your drawing, please focus on creating tone with your pencil on areas with shadows to make your drawing more 3D and realistic looking. Feel free to add colour with a material of your choice. Please do your drawing on plain white paper that fills the whole page, take a photograph and upload it to google classroom for submission. Attached are some references and examples that meet different levels (bronze, silver and gold). Try to aim for achieving gold standard.</p>	<p>Work can be found on their Google Classroom. Pupils should already be signed up to the class and be able to find new work under the latest assignment made called 'A View from your Window Drawing'. This includes example work for reference.</p>
